Pursuant to Applicant's duty of disclosure under 37 CFR § 1.56 and 37 CFR §§ 1.97-1.98, Applicant hereby provides a copy of each of the documents identified on the enclosed PTO Form 1449, although Applicant does not admit that any of such documents, alone or in any combination, are considered to be material to patentability as defined in 37 CFR § 1.56(b). Moreover, the inclusion of these documents is not to be construed as an admission by Applicant that each such document is prior art as to the above-identified patent application.

To further comply with 37 CFR § 1.98(a)(3), the Applicant has additionally enclosed a copy of the International Search Report from PCT WO 01/12031 per MPEP § 609 IIIA(3). The German language European Patent Application was cited by the International Search Authority, who stated that the document was cited to "define the general state of the art which is not considered to be of particular relevance."
